2008 SMArt Night

2009 SMArt Night

Hands-on:
Cut-and-
Paste!

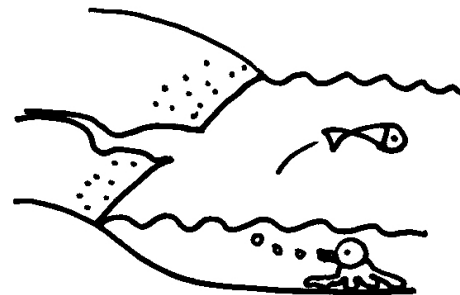

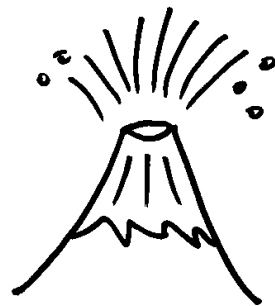

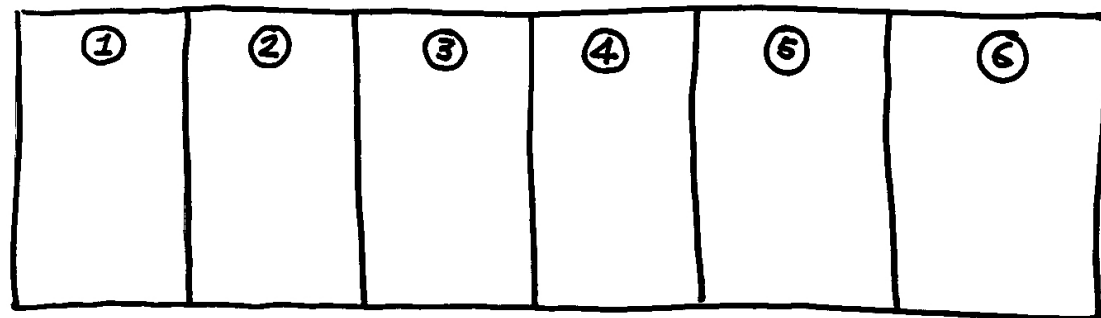

750 feet

Wallace Creek, San Andreas Fault
California

Hands-on:
Connect the
dots!

THE ROCK CYCLE GAME

If you would like to design your own activities:

- Avoid abstract conception
- Ask questions, and simplify your story
- Talk loudly!
- Talk slowly!

You are also welcome to use the already available materials. Check with Laurie!

Q: Which of the following is more difficult for kids (under age 12) to understand?

1. Straining a balloon
2. Right-lateral and left-lateral fault
3. Morphological differences between igneous rocks, metamorphic rocks and sedimentary rocks
